

KANSAS CITY IS  
AGAIN FLOODEDRepetition of Disaster of Last  
Year Feared.

## ARMOURDALE UNDER WATER

TOPEKA, WICHITA AND OTHER  
TOWNS SUFFERING.

Kansas City, July 7.—One-half of Armourdale, the packing house town in the suburbs on the Kansas side, is under water from the overflow of the Kaw river. The water is still rising at a rapid rate and conditions approaching the great flood of 1903 are feared. The lowlands of Argentine and Rose-dale, other suburbs, also are flooded and hundreds of laboring people have left their homes.

West of Kansas City along the Kaw, that stream is bank-full and doing great damage at North Topeka, Lawrence and at other points, and its tributaries are rising. There has been almost incessant rain in this part of the southwest for five days and for a month past heavy rains have fallen intermittently. All last night a steady down pour of rain fell here and in many parts of Kansas, and today it continued.

Fled to Higher Ground.  
The first rise in the Kaw came at Armourdale at midnight, when water began running through large dikes built across a new channel made by the flood last year. Families in the lowlands began to move and when later breaks appeared at three other places there was a general movement toward higher ground. Morning found the water still on the rise and gradually spreading over the town until one-half of the place was under water.

Forecasters O'Connor, however, while predicting that the Kaw would continue to rise for another twenty-four hours, said that there hardly would be a repetition of last year's disastrous flood. He is confident that the Missouri river will be able to carry off the excess water without any great damage resulting.

## Communication Shut Off.

Railway traffic west of here is badly demoralized.

Hundreds of wagons were engaged hushly all day today removing household goods from the suburbs of Kansas City, Kas., along the Kaw, while in the west bottoms near the Missouri-Kansas line thousands of dollars worth of goods were either removed from the district or placed upon upper floors. Over 3,000 people fled from Armourdale, many of whom were forced to leave their belongings. Communication between Armourdale and Argentine is shut off except by boat and only a few boats are being used because of the swift current. Water in the packing houses caused an almost total suspension in those plants and packers stopped buying stock.

Heavy damage is reported throughout Kansas from Abilene, Arkansas City, Ottawa and Lawrence, where the Smoky Hill, the Solomon, the Walnut and the Marais des Cygnes rivers are rising at the rate of two inches hourly. The damage to crops will be enormous. In the vicinity of Abilene alone it is estimated that the damage will amount to \$250,000.

The Kaw made a new channel at Lawrence, cutting the west portion off from the rest of the town. At Kansas City the situation in cash grains was suspended owing to the non-arrival of trains from the south-west.

## KNEE DEEP IN THE STREETS.

North Topeka Again Under Water  
and People Moving Out.

Topeka, Kas., July 7.—At the Kaw river gauge today the water is above the twenty-two foot mark and rising slowly. In North Topeka the water is running through the principal streets knee deep and the town is deserted. All last night a constant stream of humanity poured across the big Melan bridge to higher ground on the south side. The well to do class of people stacked their household goods in the upper stories of their homes and fled.

The poorer class, driving their livestock before them, carried what of their goods they could upon their shoulders. The merchants, and milkmen worked all night getting their stock to safe quarters. Boats are being used. In Topeka proper the water is three blocks up town from the river channel. Trains on the Union Pacific, Santa Fe and Rock Island are abandoned east and west of Topeka.

## WICHITA FLOODED.

Waco Avenue, One of the Principal  
Streets, a Raging Torrent.

Wichita, Kas., July 7.—Wichita is flooded today worse than ever before in its history. The dikes at several places along the Little Arkansas river gave away before the rush of water and poured down Waco avenue, one of the principal streets, in a raging torrent, becoming waste deep. On Main street the Baltimore hotel was flooded and the water is flowing swiftly within two blocks of Douglas avenue, the main business street. People living within several blocks of the Little river have been forced to vacate their homes.

The house of Cass Woods, a park policeman in Riverside park, was washed away and Mrs. Woods and her two children drowned.

## OPERATIONS SUSPENDED.

Pittsburg, July 7.—Operations have been suspended at the four steel hoop plants of the Carnegie company, two at Youngstown and one each at Girard and Warren. These are the only mills of the big steel concern that have been under the wage scale of the Amalgamated Association of Iron, Steel and Tin Workers. The officers of the association regard the shut-down of the mills as a lockout.

## CURZON CAUSED THE ROBBLE

British Expedition Into Tibet Sent Forward to Save the  
Pride of the Viceroy, Who Fancied His  
Dignity Had Suffered.

WASHINGTON, July 7.—The discreet inquiries of the state department into the object of the British-Tibetan expedition, as related in yesterday's Associated Press cablegram from London, appear to have developed a rather curious fact, namely, that the British home government was lukewarm, if not absolutely indifferent, in the matter of sending Younghusband's expedition toward Lhasa. Indeed, it is said here that Colonel Younghusband was allowed to go forward only to save the pride of Viceroy Curzon. The latter fancied that he had not been treated with proper consideration by the half wild Tibetans, and, failing to secure what he deemed due official recognition of the representatives of the Indian government, sent by him into Tibet, he appealed to the home government for an armed escort to secure proper treatment for his convoys, and the home government reluctantly assented.

It is said here that the British government has already expressed its

willingness to withdraw this punitive expedition as soon as it can obtain from the Tibetans promises of yielding the points which were at issue between India and Tibet before the expedition crossed the border of the latter country. These are pledges of freedom of trade between the two countries, and official recognition of the right of the representatives of the British government to exercise his functions in Tibet. The British are willing to retire on this basis the more readily that they are now satisfied from their experience that there is no danger to be apprehended of Russian encroachments on India by way of Tibet, in view of the tremendous geographical obstacles.

It is stated that the British government has received the American overtures on this subject in the best temper. Indeed, they were rather welcome as tending to emphasize the determination of the American government to do everything possible to protect the integrity of China, an object quite as dear to the British as to the Americans.

## WIFE AIDED IN THE BUTCHERY

Frank Hottman has Confessed the Killing of Myers and  
Told the Story of How the Unfortunate Man  
Was Slashed With a Razor.PORTLAND, Ore., July 7.—A special  
to the Oregonian from Walla  
Walla, Wash., says:

Confronted by Detective Oldham of Kansas City and Sheriff Painter, Frank Hottman has confessed to the killing of Clarence Myers in Kansas City on May 11 by slashing him sixteen times with a razor. Hottman will be immediately taken to Kansas City for trial. Mrs. Myers cut his throat with his own razor, while I held him down in his bed room," said Hottman. "The murder was planned for weeks. I went to Kansas City several days before to visit Mrs. Myers, and on the night of the crime I went to her house about 3 o'clock and found Clarence in bed, apparently sleeping. As we went in he raised up and made for me. I hit him with a broken billiard cue, which I

carried. This stunned him and I clinched him about the body, holding him while his wife cut his throat from ear to ear. She slashed the body several times. I left a light on and then went to St. Joseph on the early train. I then went home, got money and went to Omaha, where I bought a ticket for Walla Walla."

Myers was a printer and the murder was one of the most atrocious in the history of Kansas City. Mrs. Myers said two negroes acted as lookouts over the house and killed her husband when he awoke.

Kansas City, July 7.—Mrs. Aggie Myers, in her cell here today, denied the truth of Hottman's confession, asserting positively that Myers was killed by one of two negroes who had entered their room for the purpose of robbery.

## PATHETIC LETTER FROM WIFE

ANOTHER MOB OUTRAGE AT  
VICTOR, COLORADO.

Denver, Colo., July 7.—W. H. Morgan, assayer, and president and general manager of the Grouse Mountain Gold Mining company, was found dead today in a lodging house in this city. He had committed suicide on July 4 by taking poison and then shooting himself. He was one of the first party to depart from Cripple Creek. Letters left by him show that he had been threatened and driven to desperation. One letter, apparently from the dead man's wife, is as follows:

"Dear Will: I saw General Bell to-night to let me get some groceries and he said he hoped Denver would soon be put under martial law so he could search for you. He said he would find it so no union man could vote at the next election. He talked awful to us. Now, dear Will, please stay in hiding and do not let this horrible man and his soldiers get hold of you, for they will never let you get away. I hope to God this terrible thing will soon be settled in some way, so you can return to your home again. I do not see why innocent men should be made to suffer. You say you are discouraged. Brace up and write soon to 'GAY'."

## WORK OF VICTOR MOB.

Masked Men Drive Out Union Min-  
ers and Sympathizers.

Canon City, Colo., July 7.—Six masked men and sympathizers were run out of Victor today by twenty-five masked men and ordered never to return to Teller county. They were escorted several miles toward the Fremont county line before being released. They arrived in Canon City about noon today and boarded a train for Denver, where in the city they made a formal complaint with Governor Peabody.

Deputies were escorting the men from Victor to Cripple Creek when they were intercepted by the masked mob and forced to surrender the men. The capture of the prisoners caused many wild rumors to circulate in the Cripple Creek district, one being that the men had been hanged.

All of the men had previously been deported by the military and warned not to return to the district. Two of the men had passed from General Sherman M. Bell permitting them to return to Cripple Creek. They were then being escorted by the mob, and told that if they ever came back they would be hanged.

## CONSERVATIVE WON.

London, July 7.—A bye-election yesterday at Chertsey to fill the vacancy caused by the resignation of John J. Fyler (conservative) resulted in the election of Lord Bingham (conservative). The campaign was fought almost wholly on the question of admitting Chinese labor into the Transvaal, this the liberals declaring being tantamount to slavery.

## WAGE SETTLEMENT.

Pittsburg, July 7.—Official announcement was made today of the wage settlement with the American Sheet and Tin Plate company. The company signed the scale with a proviso.
